

Want to be involved?

We believe that love makes a difference, and we invite you to join us on this journey of hope.

- ☺ Come as a volunteer. We welcome both short-term and long-term teams and individuals.
- ☺ Raise awareness of New Day Foster Home in your community, church, or civic organization. We can help provide you with ideas and resources!
- ☺ Keep our shelves stocked. We keep up-to-date need's lists on our website.
- ☺ Sponsor a child or make a one-time contribution. You can choose to support a special project like our medical fund or formula project, or you can meet general foster home needs.

Give with Confidence

We are a registered 501c3 charity in the USA, and we remain accountable to donors by making our financial reports available online. All Western staff are volunteers and receive no compensation for their labor of love.

Donation Information:

- ☺ Check payable to:
New Day Charities
P.O. Box 311671
New Braunfels, TX 78131-1671
- ☺ Check payable to:
Joy Fellowship
P.O. Box 523185
Bronx, NY 10452
Please designate "New Day Foster Home" in the memo line of your check.
- ☺  Visit our website to make on-line donations via PayPal or to learn more about our monthly sponsorship programs.

Bringing Hope to the Hopeless
and the fatherless Home

Working on behalf of Orphans

New Day Foster Home
www.newdaycharities.com

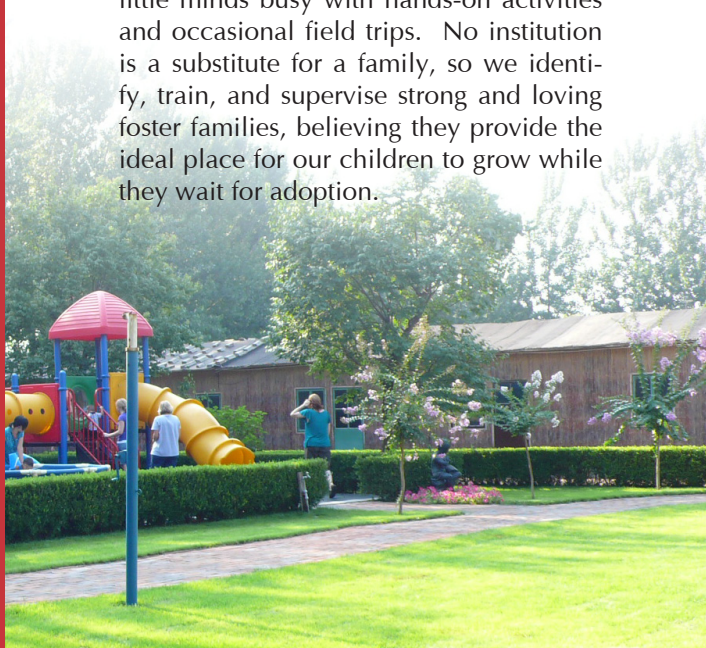

Since its founding in October 2000, New Day Foster Home's core mission of providing life-saving surgeries and a loving home to orphans with special needs from around China continues to transform lives.

Every child deserves a healthy start and to know the love of a family, and our work makes these dreams a reality for hundreds of children.

With one nanny for every three children, our excellent staff-to-child ratio ensures our children receive plenty of one-on-one attention. Our medical and physical therapy teams provide each child with the specialized care he needs to thrive, and our bilingual in-house preschool keeps little minds busy with hands-on activities and occasional field trips. No institution is a substitute for a family, so we identify, train, and supervise strong and loving foster families, believing they provide the ideal place for our children to grow while they wait for adoption.

Through outreach initiatives like the Formula Project and Foster Family programs, New Day Foster Home reaches more children living in government institutions across the country. And in early 2008, we launched the Healing Home, a 9-bed temporary care facility where we care for orphaned children during the time of their medical treatment and recovery. We are always looking for new needs to meet and ways to invest in the lives of China's orphans, so our projects continually grow and expand.
